

What is OPHELP Projekte?

OPHELP Projekte's goal is to affect a meaningful and sustainable solution to some community problems – a tangible solution, offered as a carefully constructed and monitored process.

OPHELP offers unemployable and desperate people participation in a job-rehabilitation programme, giving them an opportunity to earn cash in hand for honest, hard work as an alternative to begging on the streets or resorting to crime. The end result of the rehabilitation programme is a "graduation list" of employable people. At the same time, OPHELP renders valuable labour services in the community through its various projects.

Services offered

- Cleaning up litter
- Clearing of any kind of pollution
- Removing graffiti
- Cleaning vacant buildings or sites
- Waste management plan and cleaning services for events
- Guarding parked cars for events
- Loading and off-loading, or moving of goods

? How can **you** participate?

- Take **responsibility** for your surroundings by keeping it clean (by your own initiative, or through a project of OPHELP).
- **Sponsor** the cost of the recruitment of a particular person in the OPHELP programme (R50 cash, or R60 by EFT).
- **Encourage** people who need assistance to join the rehabilitation programme. If they are truly desperate they will find the opportunity open to them.
- **Provide** unspecified recruitment sponsorships for the initial recruitment shifts of needy people who join the rehabilitation programme.
- **Hire** OPHELP teams to provide you with the supervised unskilled manual labour you need.

👍 How to **support** the project

1. Ask God to make the project a **blessing** to those who participate or make use of its services.
2. **Promote** the activities of the project. The solution it offers is very simple: the more activities the project can undertake, the more all levels of the community benefit by it.
3. Make a **donation** to make more OPHELP activities possible.
